

AUSTRALIAN EXHIBITION GROUP

SEXPO AUSTRALIAN TATTOO EXPO TECHNOLOGY + GADGET EXPO RITES OF PASSAGE TATTOO FESTIVAL

COVID-19 update:

Due to the unforeseen closure of public gatherings with an attendance of 500 or more patrons, we must fulfil our social responsibility and help minimise the spread of the virus (COVID-19) by rescheduling the Australian Tattoo Expo that was to be held in Sydney this weekend (March 20-22).

Australian Exhibition Group (AEG) has worked tirelessly to curate Australia's most premiere and professional event portfolio extending to 9 other events set to operate throughout the remainder of 2020. Rescheduling the event is truly heartbreaking and catastrophic to the Australian Event Industry.

Based on the information we have at this time, we are not rescheduling any additional events. That said, supplied information continues to evolve, and we are closely monitoring and evaluating the status of our future operations.

The extremely short notice of the official mandate issued late Friday afternoon made it challenging to acquire the information needed to answer your questions. Fortunately, AEG have acquired tentative dates for the rescheduling of the event to June 12th-14th at the International Convention Centre Sydney.

AEG are thrilled to provide world-class events to the public, as well as provide a revenue stream to the Australian Tattoo Industry. This revenue stream is now more important than ever. Our Exhibitors and Artists will rely on your ongoing support to guide the Tattoo Industry through this time of uncertainty and hardship.

We are overwhelmed with the amount of support, patience and understanding you have shown during this time of uncertainty, without it, the Australian Event Industry will collapse.

Ticket holders and exhibitors of this event will be contacted via email with more information, in the meantime we urge you to take care of one another and we look forward to seeing you at our biggest and boldest Australian Tattoo Expo yet!
